As We See'd' It

July 2009

Greetings!

20/20 Seed Labs Inc is 20 years old this August.

Please join us for this special event at the laboratory between 11:00 am and 4:00pm on Friday, August 7th 2009.

To celebrate this milestone we would like to express our appreciation to all of our clients. So whether you have just joined us as a new client or you have supported us since the beginning we want you to be a part of this very special event.

To showcase our services, our seed science and technology departments have prepared informative and current topics for organized tours. We hope you take advantage of this opportunity to meet all of our staff, come and see first hand how we conduct your analysis and learn more about seed testing.

This occasion would not be possible without you and your valued patronage,
Let us be your hosts for the day.

Yours sincerely,

Sarah
